# RHODE ISLAND'S SOURCE FOR PHYSICAL THERAPY & WELLNESS PROGRAMS

## What Are the Benefits of the RI Rehab Oncology Program?

### About Us

Rhode Island Rehabilitation Center (RIRC) has been serving RI for the past 20 years with locations in Cranston, East Greenwich, East Providence, Pawtucket, Providence & Warren. RIRC works with physicians throughout the state of RI to serve the needs of oncology patients through a variety of services that span many disciplines. Rehabilitation programs can help to encourage healing, recover after surgery, regain independence & reduce pain through physical therapy, occupational therapy, group classes & one-on-one treatments. Every program is tailored for each individual's condition, health history, symptoms & goals.

- Combat Cancer Related Fatigue
  - Emotional Support
  - Increase Balance
- Increase Cardiovascular Capacity
  - Increase Flexibility
  - Increase Range of Motion
  - Patient Education
- Plastic Surgery Referrals
  - Reduce Pain
  - Reduce Swelling
- Restore Independent Living
  - Retrain Muscles
  - Scar Tissue Reduction
- Strengthen Arms & Shoulders
